

# Flight Checklist

Do you know the answer to all 7 of these questions about your upcoming aircraft maintenance? If not, give us a call and we'll work out the answers — no cost, no obligation.

**What is the next inspection your aircraft needs, and when will it be due?**

**How much should you realistically budget for that inspection?**

**What discrepancies are likely to come up during that inspection, and how much do they usually cost?**

**What are all of the inspections you will need for the next year, and how much will they actually cost?**

**What are the upcoming inspections & due items that can be done at the same time in order to save downtime and labor hours?**

**How much should you expect to spend on maintaining your aircraft over the next 10 years?**

**How about 20 years?**
